

Accountancy. Not our hobby. Our business.

When it comes to what matters for your business, you want experts. NewGate Law offers **legal and risk management services exclusively for the accounting industry**. With decades of experience, NewGate attorneys are uniquely qualified to address the legal and risk management needs of growing accounting firms. When accountancy expertise really matters, NewGate is the clear choice.

Experience you can trust.

Plenty of great lawyers serve accounting firms. But, few have actually worked for them. NewGate attorneys are all **in-house veterans of national accounting firms**. In addition to broad and deep expertise in assurance, tax and consulting, our lawyers have extensive experience counseling investment advisers. Clients can trust our enviable credentials to help grow and protect their businesses.

Clients. At the center of what we do.

Accounting firm clients expect high quality legal counsel at a reasonable cost; They want services to grow and safeguard their businesses. Not expensive, academic lawyering. At NewGate Law, we **deliver meaningful, practical and business minded advice**. Affordable? A fraction of the cost of traditional law firms. We are here to serve our clients' needs, and not just practice law.

Services to grow your business.

Clients often turn to lawyers only when they're in trouble. But, lawyers deliver true value when using their **expertise to help drive practice growth**. Mergers, practice expansion, partner matters, and employee relations. **Results orient and efficient**, we have world class resumes as lawyers and executives at high growth accounting firms. We know accounting.

Services to protect your business.

Risk is unavoidable for accounting firms. It threatens their very existence. It doesn't have to. NewGate attorneys are **experienced in identifying and managing accountancy risk**, like regulatory compliance, government investigations, and client disputes and litigation. Years of experience make NewGate lawyers experts in risk mitigation practices and processes.

We'd love to hear from you.
